Tuesday march 4 meeting

Goal: discuss GIthub issues, Add necessary tasks. + Assign self issues to complete Sprint 2.
Due date for Sprint 2 issues: March 11, 9:00am

Additional Issues

- Manually add data to the database
    - 40 courses (20 credits)
    - Now have 2 programs (honours, coop)
    - Add more programs
    - Go to any undergrad timetable
    - Add all courses and requirements
    - Create new program in table
    - Select if coop… (no double major)
    - Create title (explanatory)
    - Add id, memorize it, write in course id
- Dashboard crowded on mobile version
    - Adjust display to make less clutter
- Update footer and content page: add social links
- Create social links
- Context credit is shared through all programs, make it so you only add them once
